

The After Easter Egg Hunt

There are many, many plastic eggs hidden at **Hastings** Book and Music Store, each decorated with stickers and a label with a four letter word. You should search for as many of these eggs as possible. After you've found some of them, you should consult this webpage for further assistance:

<http://www.ericharshbarger.org/epp/2008/taeeh.html>

Please do not disturb the eggs when you find them! You may carefully handle them, but please put them back as you found them; do not take them apart or remove any of the stickers! Other teams need to be able to find them just as you have.
